

This official reference document outlines all base upgrade costs, part category multipliers, rarity scaling factors, performance tier thresholds, repair charges, and mystery crate pricing.

Upgrade costs for each part type are calculated relative to the base Engine upgrade cost. Each part affects specific car performance attributes during race simulations.

Part Category	Cost Multiplier	Relative Cost (% Engine)	Primary Stat Impact
■ Engine	1.00x	100%	Top Speed & Acceleration
■ Aerodynamics	0.80x	80%	Cornering & Downforce
■ ERS (Energy Recovery)	0.80x	80%	Overtaking & ERS Boost
■ Tyres	0.50x	50%	Grip & Tire Degradation Rate
■■ Reliability	0.25x	25%	Component Wear & DNF Risk
■■ Pit Crew	0.25x	25%	Pit Stop Duration & Efficiency

Below is the exact credit cost required to upgrade a part from (Level - 1) to Level (Target Level) for Common rarity parts.

Target Level	Tier	Stat Efficiency	Engine (1.0x)	Aero / ERS (0.8x)	Tyres (0.5x)	Reliability / Pit (0.25x)
Lvl 2	T1 (Rookie)	100%	200 ¢	160 ¢	100 ¢	50 ¢
Lvl 3	T1 (Rookie)	100%	400 ¢	320 ¢	200 ¢	100 ¢
Lvl 4	T1 (Rookie)	100%	700 ¢	560 ¢	350 ¢	175 ¢
Lvl 5	T1 (Rookie)	100%	1,100 ¢	880 ¢	550 ¢	275 ¢

3. Part Rarity & Price Scaling Multipliers

Higher rarity components feature base level offsets and stat efficiency bonuses. The upgrade cost scales proportionally with the rarity price multiplier.

Rarity Tier	Emoji	Price Multiplier	Stat Efficiency Bonus	Base Level Offset
Common	■	1.00x (Base (1.0x))	Base (+0%)	+0 Levels
Uncommon	■	1.06x (+6%)	+5%	+3 Levels
Rare	■	1.15x (+15%)	+12%	+6 Levels
Epic	■	1.25x (+25%)	+22%	+10 Levels
Legendary	■	1.40x (+40%)	+35%	+15 Levels

4. Mystery Crates & Maintenance Service Costs

Drivers can purchase Mystery Crates for random part drops and credit cashbacks, or pay for ongoing vehicle repairs and driver training sessions.

Crate Tier	Purchase Cost	Cashback Return	Part Drop Chance	Rarity Drop Distribution
■ Rookie Crate	500 ¢	25 - 125 ¢	60%	Common (70%), Uncommon (25%), Rare (5%)
■ Pro Crate	2,500 ¢	125 - 625 ¢	85%	Uncommon (40%), Rare (45%), Epic (12%), Legendary (3%)
■ Champion Crate	6,000 ¢	300 - 1500 ¢	100%	Rare (35%), Epic (50%), Legendary (15%)

Service / Action	Cost Formula / Rate	Details & Limits
■ Damage Repair	25 credits / 1% damage	Max repair cost at 100% damage = 2,500 credits.
■■ Driver Training	400 credits / session	Improves driver skill stats (Max Level: 100).
■■■ Practice Session	500 credits / run	Provides telemetry data and setup optimizations for GP qualifying.
■ Grand Prix Entry Fee	500 credits / event	Required to enter official championship race weekends.
